COVER: Aluminum Dynamics installed three new SMS group cold rolling mills with fully automatic coil storage and handling systems at its new state-of-the-art aluminum manufacturing facility located in Columbus, MS, which began production in the summer of 2025. SMS group's highly advanced hot and cold rolling mills, coil logistics with automated storage systems, and processing equipment allow for production of sustainable, high-quality flat rolled aluminum products that exceed today's market demands. These products serve the packaging, automotive, and common alloy industrial sectors.

The **Master Directory 2026** is an up-to-date database of over 300 supplier companies. It is the aluminum industry's best resource for finding equipment, products, and services. It is organized by four industry sectors—Primary Aluminum, Aluminum Extrusion, Secondary Aluminum, and Flat Rolled Aluminum. This directory was updated June 2026. The directory is available in print (\$20) and online (free of charge) at: www.lightmetalage.com/suppliers.

LIGHT METAL AGE (ISSN 0024-3345) is published bi-monthly by Fellom Publishing Co., 170 South Spruce Avenue, Suite 120, South San Francisco, CA 94080-4519. Periodicals Postage Paid at Burlingame, CA, and at additional mailing offices.

SUBSCRIPTION RATES 2026, Hard Copy: 1 year U.S.—\$65.00; 2 years—\$75.00; 3 years—\$86.00. Surface mail rates, 1 year—\$108.00; 2 years—\$155.00; 3 years—\$209.00. Airmail rates, 1 year—\$146.00; 2 years—\$230.00; 3 years—\$321.00. Digital: 1 year—\$45.00. Back issues \$12.00 each plus postage. Special single copy prices for large directory issues—\$15.00 plus postage.

GLAMA

ALWAYS THE BETTER SOLUTION

POWERED BY
INNOVATION

Offering a unique combination of rugged, reliable construction, GLAMA machines maintain controlled and repeatable precision. Operating worldwide in aluminum production environments characterized by heat, vibration and impact, GLAMA equipment is built to last.

Engineered for Performance. Rooted in Partnership.

At **Granco Clark**, we don't just build machinery—we engineer and support the future of your production line. As a global leader in the aluminum extrusion industry, we specialize in the custom design and manufacture of comprehensive, automated heating and handling equipment for every stage of your process.

Why the World's Top Extruders Choose Granco Clark:

- **End-to-End Excellence:** From individual machines to fully integrated, end-to-end automated systems, we cover both pre-press and post-press operations.
- **Precision Engineering:** Our solutions are recognized worldwide for their robustness, reliability, and cutting-edge technology.
- **Custom-Tailored Solutions:** Every system is specifically designed to meet your unique requirements, ensuring optimal efficiency and maximized productivity.
- **Proven Performance:** Our loyal customers return to us because our equipment doesn't just meet expectations—it consistently exceeds them.

“Streamline your operations. Enhance your performance. Maximize your output.”

Experience the synergy of **world-class automation** and **unrivaled reliability**. Partner with Granco Clark to transform your production line into a powerhouse of efficiency.

Granco Clark | Global Leadership. Precision Engineering. Custom Solutions.

Belco Industries designs and manufactures custom extrusion systems engineered to keep your operations moving efficiently. From furnaces to fully automated handling systems, Belco delivers durable, high-performance solutions tailored to your process. Backed by decades of experience and in-house manufacturing expertise, we help extrusion manufacturers improve throughput, consistency, and long-term reliability.

WE ARE WITH YOU AT EVERY STEP, FROM START TO FINISH

DEFENDER™

HEAT FELTS

Fullback Roller

Designed to enable smooth and efficient movement of high temperature profiles without marking across various systems.

Roller Covers

Replace graphite with a cost-effective, uniform solution, enhancing protection and reducing metal scrap on your extrusion line.

Meta-Aramid Tape

Provides high-temperature, pressure-sensitive adhesive to protect profiles from dings and dents during machining.

Shrink Sleeves

Safeguard aluminum profiles from scratches during aging, making them ready for shipment.

JOIN US FOR OUR NEXT EXTRUSION EQUIPMENT MAINTENANCE TRAINING

As the leading partner in the world of metals, SMS group Inc. is committed to sharing our knowledge with our customers and partners alike. Through Arkansas Northeastern College and our own experienced instructors, we offer a variety of training programs and learning opportunities to enable our customers to better understand our technologies from concept to completion.

With a mixture of lecture and hands-on learning, SMS group Inc. invites you to join us for future trainings on Extrusion Equipment Maintenance and more.

For more information, contact Zak Yost at zak.yost@sms-group.com

Etch much?

Or clean small dies?

Die Cleaning Equipment, headquartered in Casa Grande, Arizona is America's ONLY manufacturer of automated, standalone etch and small die cleaning machines.

We work with a specialty contractor in Tucson, Arizona to produce a wet fume scrubber that allows the etch machine to be placed ANYWHERE in the plant.

It is not necessary to exhaust to the atmosphere.

This means no Air Quality permits to acquire.

This means the machine can be placed right next to your press.

The possibilities are limitless.

Advanced solutions for aluminum

Providing high-efficiency, industry-tested, eco-friendly melting solutions for aluminum and other light metal alloys—Inductotherm designs, customizes, and manufactures aluminum melting furnaces for foundry, recycling, diecasting, chip melting, and investment casting. We offer large-capacity Hybrid™ furnaces¹ for billet/slab casting operations; a complete range of remelting and alloying steel shell furnaces²; air-cooled Acutrak® Direct-Electric Heat (DEH) systems³; along with Alumiline™ furnaces⁴ for making aluminum sheet product. Let our sales experts help you find out which furnace is best suited for all of your melting and casting applications.
